▶ **MAKE QUALITY GARMENTS THAT LOOK BEAUTIFUL.**

▶ **Sourcing and Products development**

▶ Every season, we identify new trends, fabrics and treatments. We work closely with our customers design team in order to create beautiful garments.

▶ **Sampling**

We consider sampling procedure extremely vital. The conceptualization of the product is done in perfect collaboration with designers & customers. Without sampling one can never go for perfect garments. That's why we give a definite concern in this regard having an individual sample division.

▶ **Pricing-**

Pricing any Garments with various details available in a Very short time.

▶ **Merchandising**

Each customer is allocated to a business team which is responsible for making sure that the customer's requirements are properly understood and executed in close co-ordination with the factories. This business team is the main contact point of the customer, and the key members of this team often travel to the customer to improve their understanding of the customer's needs and the market.

Our merchandisers are all experienced professionals, most of them having specific factory experience which enables them to understand the requirements of the customers, as well as the capabilities and limitations of the factories. The business team is expected to contribute to the customer, not only in terms of communication and follow-up, but also in terms of making a better product which sells well at the point of sale.

► **Production**

After making the samples, comes production time. Having service agreements with many well reputed Garment Manufacturers and our own, we are able make any Kind of item with High quality items for a very competitive pricing. We always honor our delivery commitments with Buyers. By selecting the right factory for the right product, we are in geared to undertake production which is followed by our quality team on a daily basis. For each order, we apply a systematic format to follow up on the sourcing of fabric, accessories supply and the manufacturing.

▶ **Quality Assurance & Quality Control**

We follow the AQL method. Quality control is our principal activity and inspections are carried out at every stage of processing from yarn to pack. We never compromise with quality. We tried to keep the best quality according to our Buyer's requirements. We have a skilled and efficient quality unit.

▶ **Documentation**

Communication is the strength of **Upland Fashion**. Our merchandising & documentation teams are available.

▶ **Social Responsibility**

We believe safe work place gives much confidence to the workers. Human rights, occupational health and safety are our main principal. We respect buyer's code of conduct and always trying for the continuous improvement of the social standard of the workers.

Worker's opinion and suggestions are considered through workers welfare committee.

▶ **Minimum order Quantity**

Upland Fashion does not set any specific minimum order quantities per style, color and size. We will support the client regardless of the order quantities. It goes without saying that higher order quantities will result in more competitive prices. We usually recommend our clients to place minimum order quantities of 1500 pieces per style or 500 pieces per color.

▶ **Our Management Team**
